APPRECIATION

“Now unto Him who is able to do exceedingly abundantly above all that we ask or think, according to the power at work in us, unto Him be glory in the church by Christ Jesus throughout all ages, world without end. Amen” [Ephesians 3:20-21]. Indeed, the Lord has done great and mighty works through us. We thank God so much for the opportunity to preach thy word.

We extend our utmost appreciation to The Apostles’ Continuation Church International Headquarters (ACCI), our Chairman, Apostle Clement Brakatu, our General Secretary, Apostle Ebenezer Mensah Annang, and all stakeholders. Thank you for your great help in planning and organizing this outreach.

To our Coordinators, Pastor Gideon Amo Darko and Pastor Kwabena Sarpong Ankomako, we say thank you. We deeply appreciate your support, prayers, and guidance. Your attention to us, the flock of God, equipping us in prayer and in the Word, has kept us rooted in the faith and edified us to equip others.

This event would not have been possible without the efforts of the Immediate Past and Current Presidents, Mr. Albert Boadu and Mr. James Gyamfi, respectively, and the ACONSUKNUST executive bodies for the 2025/2026 and 2026/2027 academic and spiritual years. To all members who helped with the cooking – making sure meals were served each day- God richly bless you.

All participants, members of the Students’ Union, and stakeholders involved in the outreach activities: thank you for your passion for winning souls into the Kingdom of God. We deeply appreciate your dedication and the effort you have put into making the evangelism a success. God bless you so much.

INTRODUCTION

But how can they call on Him to save them unless they believe in Him? And how can they believe in Him if they have never heard about him? And how can they hear about him unless someone tells them? And how will anyone do and tell them without being sent? That is why the Scripture says, “How beautiful are the feet of messengers who bring the good news!” [Romans 10:14-15a]

With this mandate in mind, we, the Apostles’ Continuation Church International - Students’ Union, embarked on an outreach in collaboration with the Apostles’ Continuation Church International (ACCI) Headquarters and visited Sekyere Kwamang from the 7th to the 13th of September, 2026. The purpose of the Outreach is to make known God’s word to the people in Sekyere Kwamang, bringing them into the light of Christ. Highlights of the activities before, during, and after the Outreach are documented in detail in this report.

About 45 ACONSUKNUST members, together with our two coordinators, participated in the outreach. The overall coordination was undertaken by Pastor Gideon Amo Darko and Pastor Kwabena Sarpong Ankomako. The theme for the outreach was **“When he came to himself, he said, I will go back to my Father ...”** anchored on **Luke 15:17-18**.

The theme was drawn from the parable of the Prodigal Son, emphasizing the importance of recognizing one's state, turning away from sin, and returning to God the Father. The outreach therefore sought to encourage individuals to reflect on their relationship with God, embrace repentance, and respond to His call to return to Him.

ACTIVITIES

PRE-EVANGELISM ACTIVITIES

‘Everything with prayer, nothing without prayer.’

‘Howbeit, this kind goeth only by prayer and fasting’. The outreach began with intercessions and prayers into the land, for the people, and into the activities ahead.

The prayer sessions were led by our coordinators, prayer secretary, and other members of the executive body on some days. The Holy Ghost Drink Up sessions held on Sunday at the ACCI, Ayeduse Branch from 4 pm to 7 pm were dedicated to prayers into the Outreach. The Intercessory prayers were held via Zoom. Prayers into the Outreach were also made during Tuesday prayer meetings at the Royal Parade Ground from 6:30 pm to 8 pm. We prayed for the LORD to go before us. We earnestly prayed that the hearts of the people of Sekyere Kwamang would be opened to receive God’s word and the salvation of souls in the community.

Undoubtedly, this outreach would not have been possible and impactful without prayer. The Lord went before us, indeed.

GATHERING OF CLOTHES FOR DONATION

Interactions with souls in communities we visited in previous years made us realize that most members in a community complain of insufficient or no clothing for church service. An initiative to gather clothes for the souls to be won during the evangelism was introduced.

Members of the Students' Union and other alumni donated clothes to ACONSU-KNUST to accomplish this great cause. The clothes were given out to the members of the Sekyere Kwamang Church after the

service.

DEPARTURE AND ARRIVAL

With great anticipation and much preparation for the outreach, the day of departure was finally here. On Monday, 7th September, the Students' Union gathered at the ACCI Ayeduase Branch. We journeyed to Sekyere Kwamang by two buses, driven by Pastor Fred Barima Twum and Mr Nsiah Asare Anthony.

Before we set off, all members gathered for a short meeting. A headcount was conducted by Pastor Sarpong, after which he briefed members on expected conduct throughout the outreach. Particular emphasis was placed on appropriate dressing, general behaviour, discipline, and the need for members to conduct themselves in a manner befitting representatives of ACONSU and the Church.

The team prepared for departure by packing and loading the bags, food, and other essential supplies onto the bus. All participants then boarded the bus and settled in, ready for the journey to Sekyere Kwamang. We set off at 5:15 pm and arrived around 7:15 pm.

Upon arrival, we thanked God. As we waited to settle in, the team continued the Jama praises we had during the journey, but this time, on the grounds of Sekyere Kwamang. After settling that evening, we met together to give thanks to God and commit the whole activity into God's hands.

ACONSU

MAIN ACTIVITIES

DAY 1 – 8TH SEPTEMBER

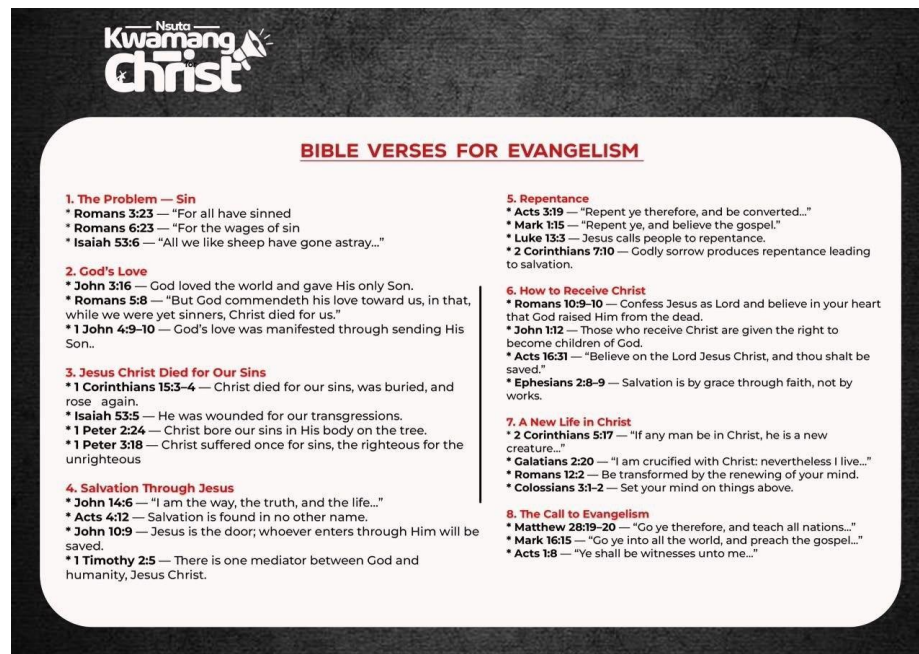

A. MORNING SESSION

Unlike subsequent days, there was no dawn broadcast on Tuesday, 8th September. We gathered at 7:30 am to pray, worship, thank, and honor God.

Bible Study

Following the worship session, Pastor Gideon led members through an extensive Bible study focused on the Gospel, the redemptive work of Jesus Christ, and the significance of His death and resurrection. The references to the biblical passages during the teaching include

Corinthians 15:1–5, Psalm 22, Isaiah 52:14, Isaiah 53:1–3, Genesis 3:15, Deuteronomy 31:22, Galatians 3:13, Romans 8:6 and 8, 1 Peter 1:18, 1 Corinthians 2:7–8, and John 3:14–16.

These scriptures were our references and guide as we began the evangelism.

Pastor Gideon explained the nature and purpose of the Gospel. He emphasized Christ as the cornerstone of salvation. He further explained the significance of Christ's death on the cross, connecting it to the biblical teaching concerning the curse associated with being hanged on a tree. He also highlighted Christ's authority following His resurrection and the implications of His sacrifice for humanity. The morning session ended at 10:00 a.m.

As tradition and manners demand, our Pastors, Pastor Gideon Amo Darko and Pastor Kwabena Sarpong, led ACONSU KNUST to meet the chief of the community to officially introduce ourselves, inform them of the purpose of our visit, and seek permission before proceeding. The community leaders were unavailable that day. The engagement with the traditional leadership was subsequently rescheduled. We headed back to our place of abode after this attempt.

B. AFTERNOON SESSION

Time with the leaders of the Mampong Area

At noon, we met with the ACCI heads of the Mampong Area at 1:57 pm after taking brunch: Senior Pastor Emmanuel Agyapong, the Area Head, Pastor Stephen Asare (Nsuta Mampong branch), Pastor Yaw Owusu (Gyamase Tabiri branch), and the pastor of Ejura branch. The Area Head, Senior Pastor Agyapong, addressed ACONSU on behalf of the visiting church leaders. He commended us for our willingness to commit ourselves to the work of God.

He expressed appreciation for the intensity and commitment demonstrated by ACONSU and encouraged the members to continue serving God and making themselves available for His work, particularly as young people. The meeting ended with a prayer led by Senior Pastor Emmanuel Agyapong.

Bible Study

After the departure of the church leaders, Pastor Kwabena Sarpong led ACONSU in another Bible study session. The session reviewed and expounded upon the lessons taught earlier in the day. Pastor Sarpong revisited the earlier passages and introduced additional reference scriptures: Luke 18:4, Matthew 18:8, Acts 1:6, Luke 24:36, Romans 5:8, Romans 10:9, Acts 6 & 7.

He further explained the relationship between sin and humanity's reception of God's blessings, emphasizing that sin does not diminish God Himself but affects the individual's relationship and reception of what comes from God. The bible study session ended at exactly 4:00 p.m.

C. EVENING SESSION

At 6:30 pm, Sister Christiana Boateng met the ladies for a brief meeting. The session provided an opportunity to address concerns among the ladies and listen to issues affecting them. Sister Christy spoke on the necessity of dressing decently and encouraged the ladies to participate actively in maintaining cleanliness around the house.

All members converged at the hall for a meeting at 8:53 pm. The meeting was chaired by Pastor Sarpong. He briefed members on the activities scheduled for the following day and provided the necessary instructions for the next phase of the outreach. Members then retired to their rooms to shower and rest.

DAY 2 - 9TH SEPTEMBER

A. DAWN BROADCAST

The mission for the day began with prayers led by the immediate past prayer secretary, Mr. Robert Hasford, at 5:05 am, committing the outreach and the broadcast into the hands of the LORD. The clouds were foggy and windy as members preached in the community. We were divided into groups of two; some, three. Five megaphones were available for the exercise, although two were defective.

Members moved around the community proclaiming the Gospel and encouraging residents to turn to Jesus Christ as their Lord and personal Savior. The messages were centered on salvation, eternal life, repentance, and the need for a change of mindset. Singing and praises accompanied the preaching, helping to create an engaging atmosphere. Upon our return, at 6:35 am, Pastor Gideon led us in a session of worship and adoration, where we thanked God for a successful dawn broadcast.

The residents were generally receptive, and no hostility towards ACONSU was recorded. Members also used the opportunity to inform residents about the evening services.

B. MORNING SESSION

We gathered to continue with our daily activities; Mr. Korankye Felix Dankwah and Miss Gloria Adade subsequently led us in a prayer session. It ended at 9 am. The scheduled Bible study session did not take place because we left to meet the Adontenhene of Kwamang.

Visit to the Chief's Palace

During the meeting with the traditional elders of Kwamang, we greeted them and made known the purpose of our visit. We formally introduced the outreach and sought permission to continue the evangelism activities within the community. The Adontenhene shared his experience and participation in evangelistic activities such as this during his youth. This created common ground between him and us, the participants. The Adontenhene, his elders, and the Assemblyman warmly welcomed us and encouraged us to be fervent as we work for the Lord. A token was presented to him on behalf of the church.

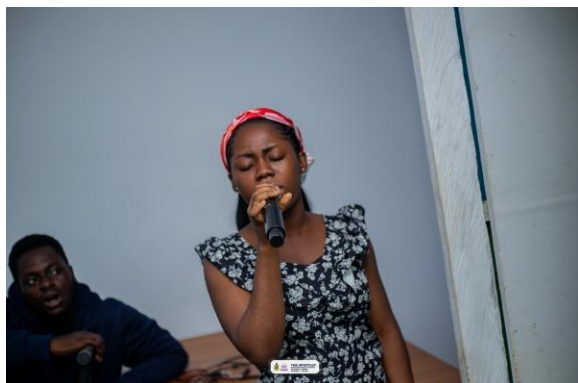

We converged afterward, were divided into groups of two, and were dispersed to start sharing God's word with the people of Sekyere Kwamang. All evangelists returned from the house-to-house evangelism by 1:30 pm. We prayed and took our brunch together as we ended our fast for Wednesday.

ACONSU

Information Centre

To spread the word to the masses, the church leveraged the community's information centre. Members of ACONSU went to share the word with the people via air, worshipped and praised together with them.

As their voices reached the community members in the homes, we believe the minds of the people were enlightened, and their hearts were transformed.

ACONSU

C. AFTERNOON SESSION

From afternoon till sunset, the members were allowed to have some rest.

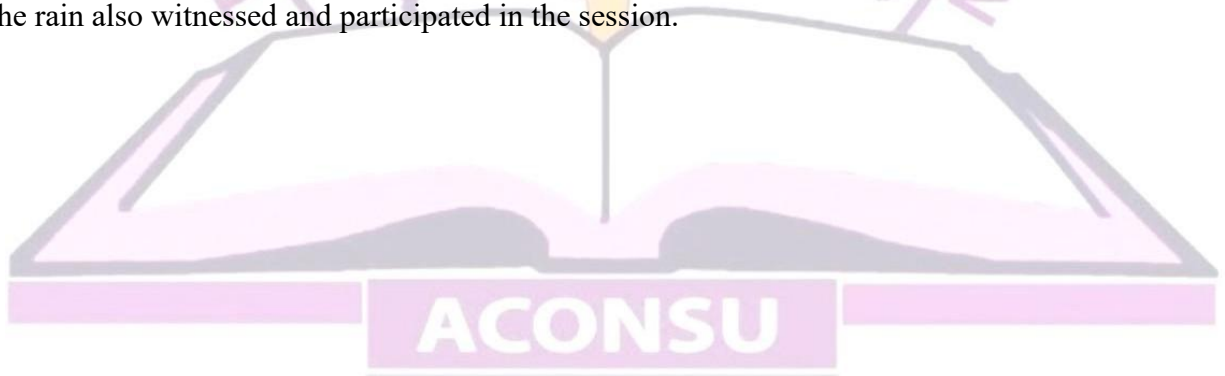

D. EVENING SESSION

Every evening was a time for fellowship with the people of Sekyere Kwamang. The evening service was scheduled for 6:30 pm at the Kwamang bus station. This was consistent from Wednesday to Friday.

However, the planned Wednesday evening service could not proceed as scheduled because of heavy rainfall, though the GPRTU station had been arranged, set up, and ready to dive into the service. The rain began while preparations for the service were underway. Members quickly moved into the bus for shelter, while the instrumentalists and those handling the sound equipment worked to disconnect and secure the cables and equipment to prevent damage.

The session gradually evolved into an energetic ‘jama’ involving drumming, singing, dancing, and praise. The Men of Glory (MOG) subsequently joined the session, and the atmosphere became increasingly lively and charged. A few children who had been present in the area before the rain also witnessed and participated in the session.

The jama eventually became a vibrant period of praise and fellowship involving ACONSU members and people from the community. The following day, some residents mentioned that they had heard the jama session from the previous evening. All equipment and other items were subsequently packed into the bus after the rain had completely subsided.

Meanwhile, another team led by Pastor Kwabena Sarpong visited Pepease and preached the word of God at their information centre.

Evaluation and Prayer

The planned evening service with the community members could not fully take place because of the rain. Upon returning to our place of abode, a meeting was held to evaluate the day's evangelistic activities.

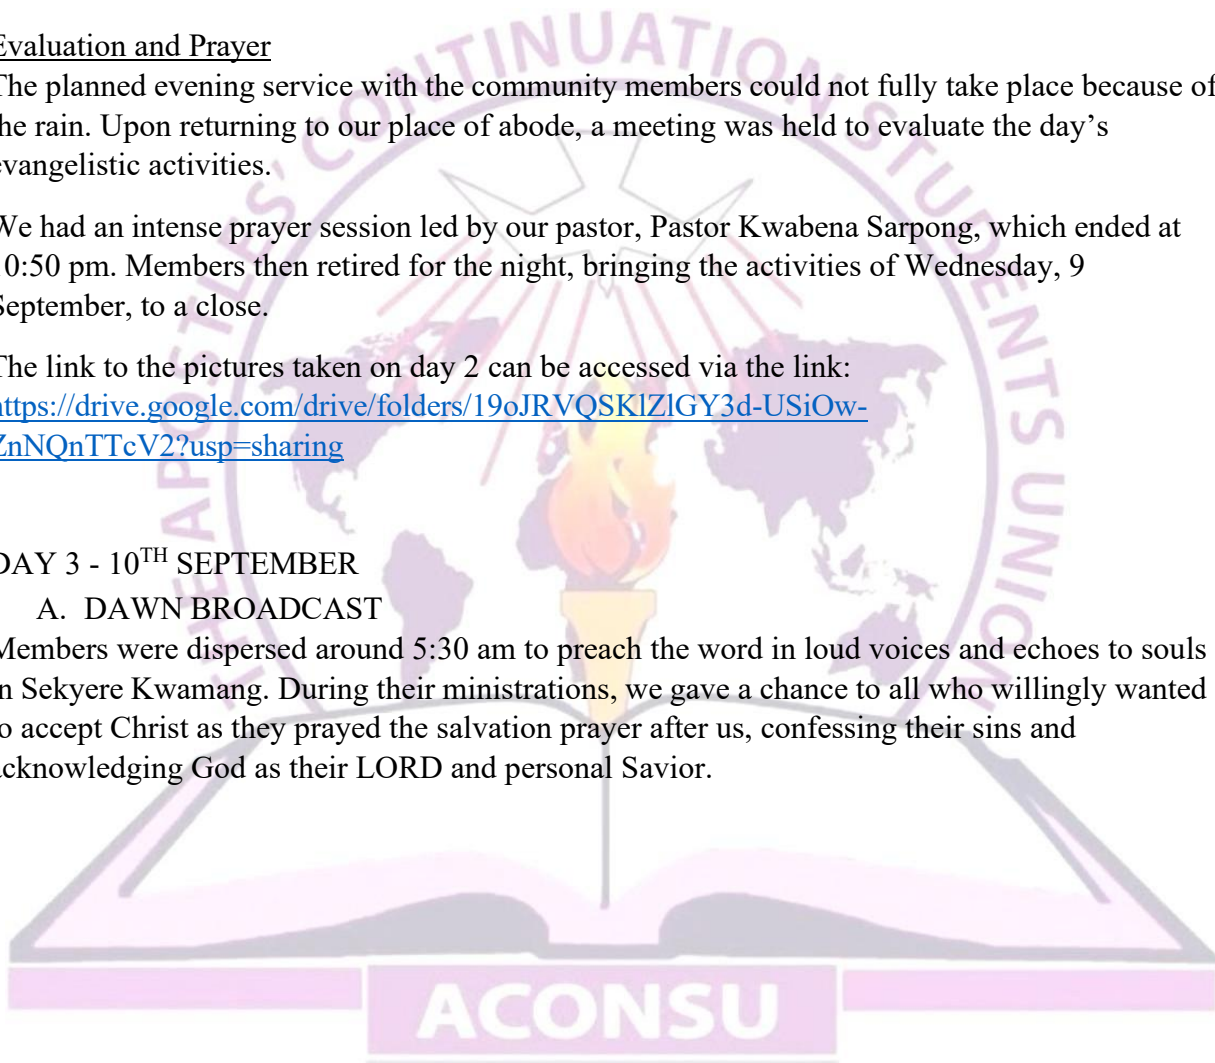

We had an intense prayer session led by our pastor, Pastor Kwabena Sarpong, which ended at 10:50 pm. Members then retired for the night, bringing the activities of Wednesday, 9 September, to a close.

DAY 3 - 10TH SEPTEMBER

A. DAWN BROADCAST

Members were dispersed around 5:30 am to preach the word in loud voices and echoes to souls in Sekyere Kwamang. During their ministrations, we gave a chance to all who willingly wanted to accept Christ as they prayed the salvation prayer after us, confessing their sins and acknowledging God as their LORD and personal Savior.

ACONSU

Information Centre

On Wednesday dawn, the team attempted to visit the Information Centre at Pepease. However, the service was unavailable at the time of the visit, as the facility was locked. Consequently, the team could not access the information centre. They, however, divided themselves and did the normal dawn broadcast with their own voices at Pepease.

B. MORNING SESSION

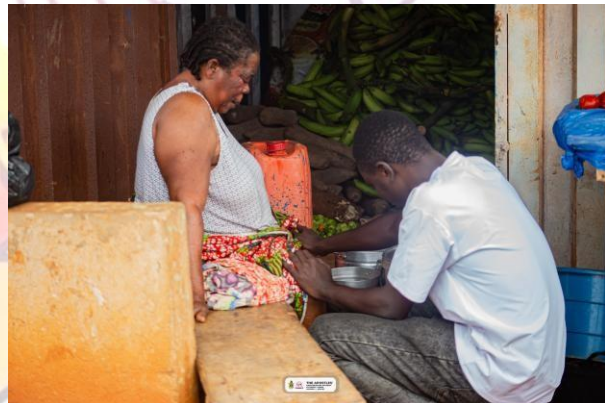

The opening prayer for the morning session was led by Miss Akua Serwaa Bonsu and Mr. Emmanuel Adams. The Bible study led by Pastor Sarpong focused on sin and worship with

scriptural references, particularly from Romans 6:14–16, 1 John 3:8, and Ephesians 6:1. A recap of what was taught by Pastor Gideon the previous day was done. Worship was explained in terms of obedience: the person whom one consistently obeys becomes the one who receives reverence through one's life.

The teaching emphasized that whatever receives the greatest reverence in a person's life gradually becomes the strongest influence over that person's life. The morning session ended at 10:44 am.

Door-to-Door Evangelism

The door-to-door evangelism continued. With our hearts kindled and our lips filled with God's word, we went in with full authority, proclaiming God's word, praying for the sick, and many others. Most accepted Christ; others questioned their faith in Christ Jesus. In all, the questions the community had were addressed one at a time. Some residents engaged the members in debates and asked questions concerning matters of faith. Some people also made decisions to follow Christ.

ACONSU

An important observation from the outreach was that questions frequently arose during Bible studies from matters encountered during field evangelism, including questions that members had not been able to answer adequately while preaching. This highlighted the importance of continuous study and preparation for effective evangelism.

Members returned to the accommodation between 12:30 pm and 1:30 pm, while others returned later. Members rested after breaking their fast and played games. Later, they returned to the

community to invite residents to the evening service.

Information Centre

On Thursday, within the hours of 5:30 pm and 7:30 pm, a visit was made to the Pepease Information Centre, where the word was shared with the people in the Pepease community, a town next to Kwamang.

Mr. Robert Hasford delivered the sermon on this fateful day, urging the souls on the land to give their hearts to Christ and allow the Lord to have a place in their hearts and lives. They were invited to the subsequent services. Pepease once had an ACCI branch.

C. EVENING SESSION

At Kwamang Station, preparations were made for the evening service. Before the program

began, Pastor Sarpong engaged the community through music in a highlife-style presentation.

Mr. James Gyamfi, the president, led the opening prayer at 7 pm.

A praise and worship session continued after the opening prayer, led by Mr. Albert Boadu, the Immediate Past President.

The sermon was delivered by Pastor Fred Barima Twum from Koforidua.

Over 100 people were recorded, including members of ACONSU, children and adult residents of Kwamang. About 31 of them were children, 35 were adult residents, and 40 ACONSU members were present.

Most significantly, 11 adult residents gave their lives to Christ.

ACONSU

DAY 4 – FRIDAY, 11TH SEPTEMBER

A. DAWN BROADCAST

With the same mandate and mission, we left for the dawn broadcast around 5 am. The days before started with the dawn broadcast. Day 5 was the last day of the dawn broadcasts. With megaphones and some without them, standing at vantage points, we proclaimed the Gospel loudly to the people of Kwamang.

The times for dawn broadcasts served as a means of publicity for us. Even before we began our conversations with the community members during the door-to-door evangelism, they easily recognized us as the people who shared God's word before daybreak.

Indeed, every word seed during these times did not fall in thorns and rocky ground. It fell on good hearts that prepared them to receive God's word.

Information Centre

Carrying the message of Christ to all corners in the community, a few members of ACONSU went to proclaim Christ while others engaged in the dawn broadcast. This served as a reminder for the people in the town to start their day with God and to give their lives to Christ for His use. Emphasis was laid on the new life we have in Christ Jesus and the essence of salvation in Him.

The session provided a meaningful opportunity to share the Gospel with the community, encourage people in their faith, and challenge them to respond to the call of Christ and live a life dedicated to Him.

B. MORNING SESSION

The morning session commenced with an opening prayer led by Brother Emmanuel Apraku and Sister Pearl Amaning. The session ended at 9:16 am. We delved into a bible study which was coordinated by our pastor, Pastor Gideon Amo Darko. Lessons from the session were on sin and worship. The study drew its references from Romans 6:14–16, 1 John 3:8, Ephesians 4:27, Zachariah 3:1, Matthew 13:24, and Matthew 18:23-35.

The teaching emphasized that worship involves giving reverence through obedience, and that whatever receives the greatest reverence in one's life can gradually become the strongest influence over the person's actions. We came into the understanding that sin rips us of God's glory from our lives. The Lord trusts us and glorifies Himself in our lives the more we grow in Him.

This also became our message during evangelism, helping us answer questions from many.

Door-to-Door Evangelism

We proceeded with door-to-door evangelism: engaging the members in the community, visiting the previously we previously witnessed to, and sharing the good news with the people of Sekyere Kwamang.

While ministering, some members helped some residents with their work.

This made engagement easy and interesting. Most of the souls accepted and rededicated themselves to Christ.

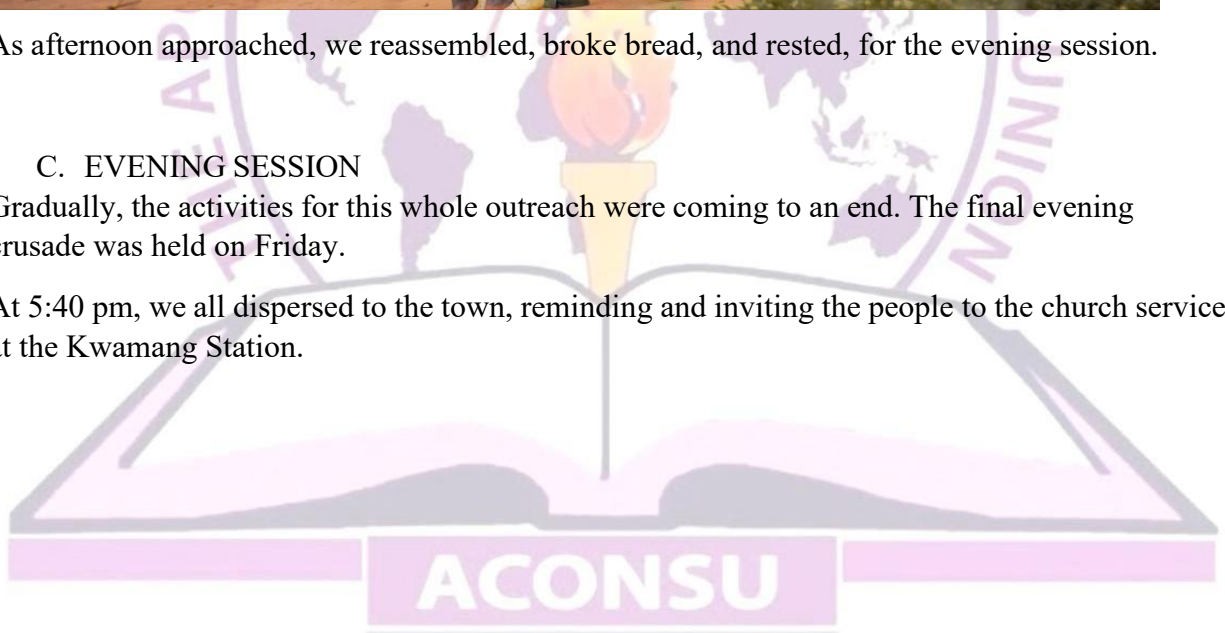

As afternoon approached, we reassembled, broke bread, and rested, for the evening session.

C. EVENING SESSION

Gradually, the activities for this whole outreach were coming to an end. The final evening crusade was held on Friday.

At 5:40 pm, we all dispersed to the town, reminding and inviting the people to the church service at the Kwamang Station.

The evening service began around 7:00 p.m. The service began with an opening prayer. It continued with a praise and worship session. The attendance for the evening was noticeably higher than the previous days. 13 people gave their lives to Christ.

We returned to our accommodation after the service. We entered into a moment of worship, thanksgiving, and prayers, which was led by Pastor Gideon. The day's activities were brought to an end by 10:55 pm, after which members retired to bed.

Information Centre

As preparation for the service was going on within the hours of 5:30 pm and 7 pm, some ACONSU members went to the Pepease Information Centre to preach the word to the people. It

was a reminder of our identity in Christ Jesus as Christians. Mr. Robert Hasford reminded the people of the second coming of Jesus Christ.

The period provided an opportunity for the team to connect with the people, share the love of Christ, and encourage them to begin or strengthen their walk with God. We believed the word reached the members of the town, for we recorded a number of members from the Pepease town during the service on subsequent days.

DAY 5 – SATURDAY, 12th SEPTEMBER

A. DAWN BROADCAST

We did not have dawn broadcast on Saturday.

B. MORNING SESSION

With loud voices and hearts and lips filled with thanksgiving, led by Miss Bernice Dompheh, we prayed in one accord at 9:57 am, giving thanks to God, adoring His name, and committing the sessions (church service) ahead into His hands.

During the prayer session, a prayer was made for Abena, a young lady, who was present. The intercessory prayer made for her was led by Pastor Gideon Amo Darko. She professed faith in Christ Jesus. The prayer session concluded with a short closing prayer led by Obed at 10:56 am.

We dined together in the morning before we left for church service with the Chairman of ACCI. We made phone calls and visited some of the residents to invite them to the service.

Church Service at Kwamang D/A Methodist Primary School

The service began at 11:25 am with a Bible study session led by Pastor Gideon Amo Darko. The study focused on salvation.

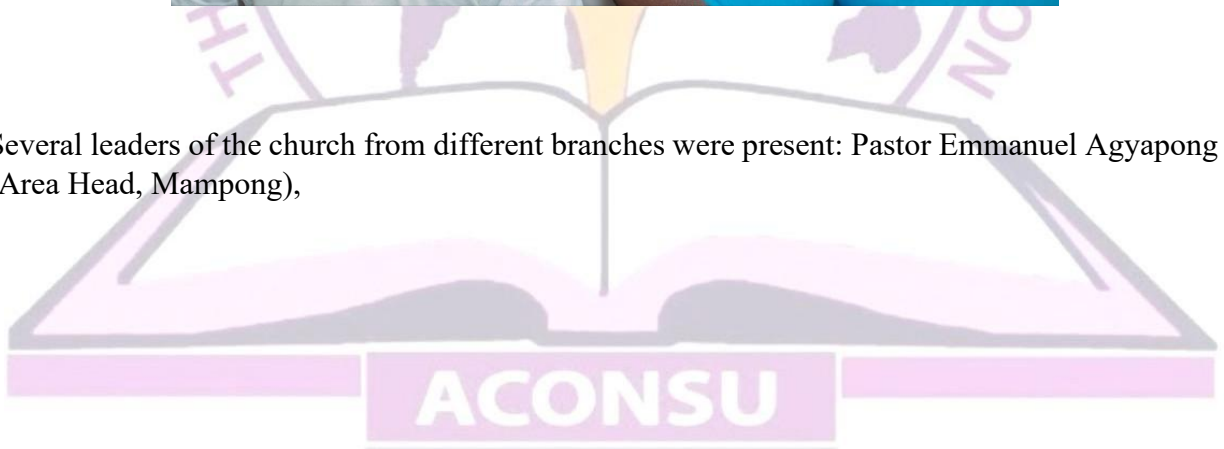

The Chairman, Apostle Clement Brakatu, visited us at Kwamang to know how we were faring and to consolidate our efforts with apostolic authority. He did not just visit; he allowed God to use him by pouring himself out as a blessing to everyone present.

Apostle Clement Brakatu led the congregation to pray for the infilling of the Holy Spirit and the manifestation of the gift of tongues. By God's grace, five people received the gift of tongues — 4 ACONSU members and 1 Kwamang resident. He also ministered through prayer and prophecy, praying for individuals who required healing.

Several leaders of the church from different branches were present: Pastor Emmanuel Agyapong (Area Head, Mampong),

Snr. Pastor Isaac K Gyan (Afrancho Branch), Pastor Stephen Asare (Nsuta), Rev. George Ahimah (Head Pastor, Kwaprah High Gate), Pastor Eric Boampong (Kronum), Pastor Michael Donkor (Pastor, Sekyere Kwamang), including other pastors from the Mpatasie Area.

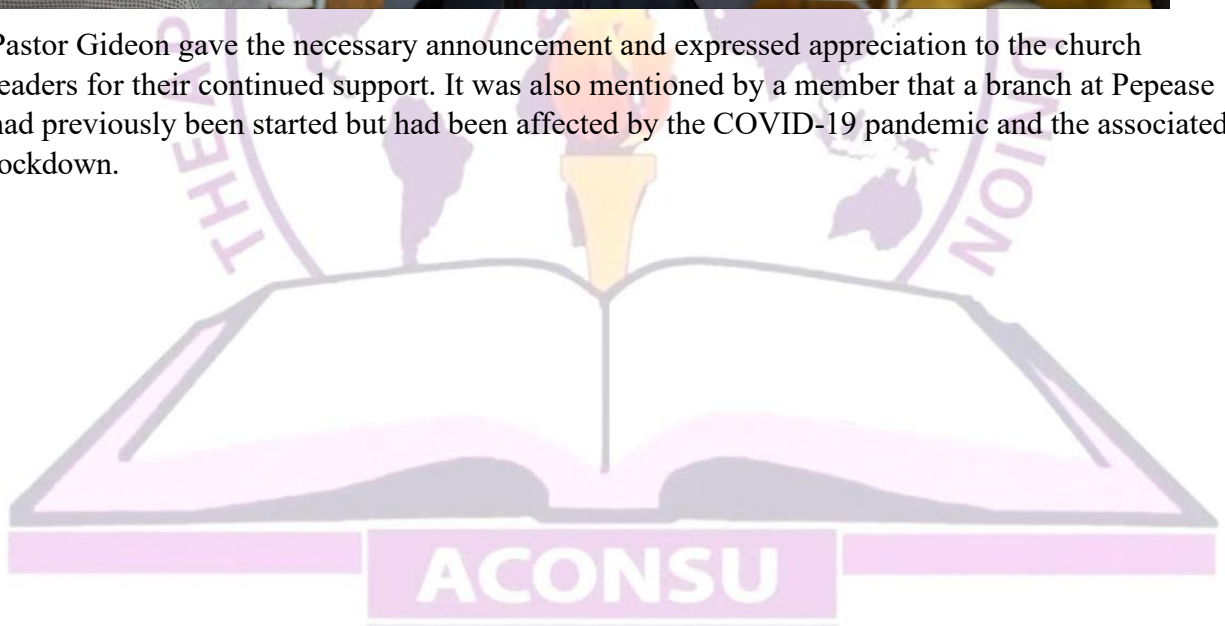

The State and Development of the Sekyere Kwamang Church Address was given by Snr. Pastor Emmanuel Agyapong: It was reported that the classroom currently being used could not be relied upon as a place of meeting in the long term. Also, electricity had been connected, with lights and sockets fixed. The reported cost of the land was between GHC25,000 and GHC30,000.

Rev. George Ahimah presented the financial contributions made in support of the outreach and the development of the work: A support of GHC1,000, GHC10,000, GHC5,000, GHC5,000, GHC5,000, and GHC15,000, summing up to GHC41,000 was received from Apostle Clement Brakatu, Elder Osabarima, Super Prince, the Global Youth Secretary, the Acting Youth Director and the Mpatasie local assembly respectively. A prayer was offered for these sponsors, after which Pastor Gideon prayed for the nation and the ACCI churches at large.

The Area Head welcomed the incoming pastor for Kwamang and encouraged the pastors present to extend heartfelt appreciation to their various local churches for their financial support and assistance towards the outreach.

Pastor Gideon gave the necessary announcement and expressed appreciation to the church leaders for their continued support. It was also mentioned by a member that a branch at Pepease had previously been started but had been affected by the COVID-19 pandemic and the associated lockdown.

C. AFTERNOON SESSION

Pictures were taken outside the school, including photographs of church elders with the new converts and residents of Kwamang, followed by photographs with ACONSU members.

The instruments and chairs were packed into the vehicle, and the venue was swept and cleaned around 5:30 pm – 6 pm.

D. EVENING SESSION

The evening was a time for rest and a visit to community members we had already reached out to invite to church service.

Later in the evening, we gathered together to raise voices of thanksgiving and adoration unto the LORD.

Information Centre

Some members of ACONSU, together with Pastor Gideon, went to the Information Centre on Saturday evening between 5:30 p.m. and 7:00 p.m. to minister the word of salvation. The team used the opportunity to proclaim the Gospel and call the attention of the community to the love of God and the salvation available through Jesus Christ.

Pastor Gideon delivered the sermon, emphasizing the importance of salvation and the new life found in Christ Jesus. He encouraged the people to turn away from their former ways, surrender their lives to Christ, and allow Him to direct their lives according to His purpose. The message

highlighted the transforming power of Christ and the need for everyone to establish a personal relationship with God.

DAY 6 – SUNDAY, 13TH SEPTEMBER

A. DAWN BROADCAST

There was no dawn broadcast.

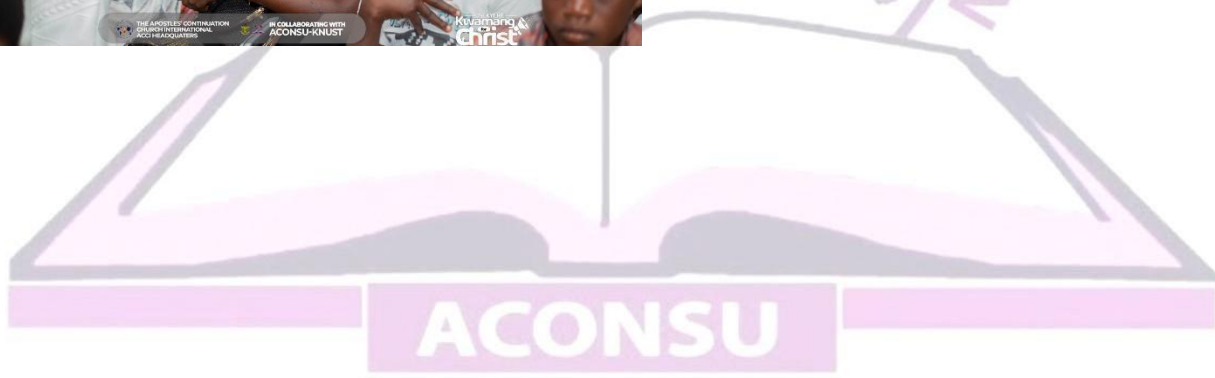

B. MORNING SERVICE

A mission set for a time and a place came to an end on this day. Though the outreach ended, the mandate to preach the word continues.

The final day of the 2026 Annual Outreach began with a moment of praise, worship, and thanksgiving.

ACONSU members went into the community to call and scout for the souls they had won, while others made calls to members to remind them of church service

A Sunday school was set up. The children were engaged separately while the adults and youth followed the service attentively. 51 children were recorded at the Sunday School.

We recorded 63 people in the main service: there were 5 babies, 14 early teenagers, and 44 adults, among whom were 3 elderly men.

The service began with an opening prayer and continued with a time of worship and praise. Pastor Michael Donkor, the newly appointed pastor for the Kwamang branch, delivered the sermon.

There were moments dedicated to prayers, deliverance, and prophecies, after which offerings were taken and thanks were given to God. The service ended at 12:40 pm.

At the end of the service, biscuits and drinks were shared. Subsequently, pictures were taken. Moments of fellowship continued as the people interacted with one another.

The clothes gathered before the outreach were distributed to all interested persons. They looked through them to select clothes they preferred. Many received the clothes with hearts full of appreciation.

It started to rain, and we all joined in and sang and danced to a great jama session. Our hearts were filled with awe, for indeed the Lord has been good to us. His word for us had come to pass. He had made all things possible.

Afterwards, the classroom was cleaned and rearranged, and the equipment and other materials were packed into the vehicle, as we prepared to leave the place.

Photographs captured on the final day of the outreach 2026 can be accessed via the link:

POST EVANGELISM ACTIVITIES

C. PREPARATION & DEPARTURE

Upon our return to our place of accommodation, we tidied up the place while others packed up the bags into the car.

Thanks be to God, the long-anticipated 2026 outreach at Sekyere Kwamang had come to an end. We departed at 3:55 pm. Before that, some members of the community came to visit just to extend their warm regards and wish us a safe journey. On our journey back, we were served jollof rice with beef and egg.

The atmosphere in the vehicle was relatively quiet, as many members, having been exhausted by the week's activities, fell asleep. The second bus engaged in shouts of praise as they danced to the tunes of the music and sang while on the journey. Upon arrival, a prayer of thanksgiving was

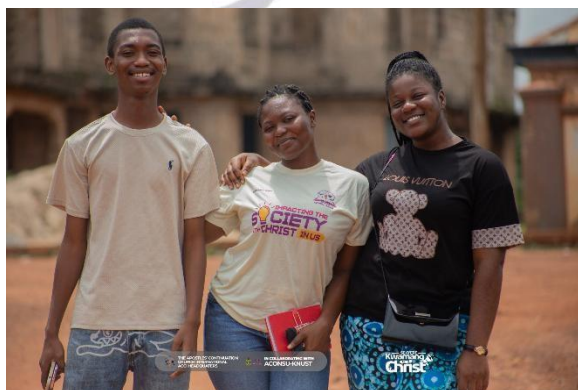

offered, thanking God for His protection, provision, guidance, and safe return throughout the outreach.

MEALS SERVED

The table below depicts the food taken each day:

Beyond the outreach, our bond has deepened as a spiritual family: a bond of love, care, and compassion for each other.

We have grown into a family. We carry a shared passion to see souls saved, and we have learnt to be each other's keeper.

CHALLENGES ENCOUNTERED

Despite the overall success of the outreach, several challenges were encountered:

1. Vehicle mechanical difficulty: One vehicle developed a clutch problem during the journey to Kwamang. On our way back, one tyre got stuck in a gutter.
2. Defective megaphones: Two of the five megaphones available for the dawn broadcast were defective.
3. Heavy rainfall: Rain disrupted the Wednesday evening evangelistic service and affected some outdoor activities on subsequent days.
4. Insufficient seats: The final church service experienced an overflow as the available seating capacity was insufficient to accommodate everyone
5. Temporary meeting facility: The existing classroom could not serve as a sustainable long-term church facility.
6. Questions during evangelism: Some residents raised questions that members were unable to answer immediately, highlighting the need for deeper preparation and continuous biblical study.
7. Instruments: Equipment used was hired, and other parts of the drum set were not available.

LESSONS LEARNED

The outreach provided several important lessons for future evangelistic programs:

1. Preparation is Essential

The questions and discussions encountered during house-to-house evangelism demonstrated the need for members to prepare thoroughly for different theological, practical, and personal questions that may arise.

2. Consistent Community Engagement Produces Results

The progression from dawn broadcasts and house-to-house evangelism to evening services demonstrated the value of repeatedly engaging the same community rather than relying on a single evangelistic encounter.

3. Evangelism Requires Both Word and Relationship

The outreach showed that preaching the Gospel, listening to residents, responding to their concerns, praying with them, and inviting them repeatedly to services all contribute to effective community evangelism.

4. Flexibility is Important

The heavy rainfall on Wednesday prevented the scheduled evening service from continuing, but members adapted by protecting the equipment and engaging in spontaneous fellowship and jama after the rain.

5. Follow-Up is Critical

The number of people who responded to the Gospel underscores the importance of continuous follow-up so that new converts can be properly disciplined and integrated into the new Kwamang church.

RECOMMENDATIONS

Based on the experience and outcomes of the outreach, the following recommendations are proposed:

1. Establish a structured follow-up system for all persons who responded to the Gospel during the outreach.
2. Strengthen the new Kwamang church through regular discipleship, Bible study, and pastoral supervision.
3. Provide adequate evangelism equipment, particularly functional megaphones and other communication tools.
4. Improve transportation contingency planning, including basic vehicle checks before departure and alternative arrangements for mechanical emergencies.
5. Prepare evangelism teams more thoroughly through pre-outreach Bible study and question-and-answer sessions.
6. Plan for larger attendance, especially where previous outreach experience suggests strong community participation.
7. Strengthen the children's ministry, given the significant number of children who were present.
8. Maintain relationships with traditional and community leaders to facilitate continued evangelistic and community-development activities.
9. Sustain the annual outreach tradition, while strengthening its preparation, follow-up, and measurable impact.
10. Having our personal instruments and setup as ACONSUSU will be helpful, especially during outreaches.

CONCLUSION

Oh, what a great end this was.

A mission has ended, but with this mandate, we firmly uphold and will forever stand to get this done. Carried by grace, kept by faith, empowered by His word; the Lord led us through every moment. Truly, this could never have been possible, nor would it have ever existed without God. He held us; He guided us in every step, and oh! Our God went before us. Glory, honor, and power to the One who reigns forever, AMEN.

The ACONSU Annual Evangelism Outreach 2026 in Kwamang was a significant spiritual and community engagement program. Over the course of six nights, ACONSU members participated in dawn broadcasts, house-to-house evangelism, Bible studies, evening evangelistic services, prayer sessions, community engagement, and church services. Despite challenges including rainfall, transportation difficulties, defective equipment, and limited seats during the services, the outreach continued through teamwork and commitment.

Most importantly, the 2026 Annual Evangelism Outreach created opportunities for people to hear the Gospel and respond to the message of salvation, receive prayer, and become connected to Christ and the church.

The outreach also demonstrated that the establishment of a church requires more than a single evangelistic event. It requires sustained preaching, discipleship, pastoral support, financial investment, community relationships, and continued follow-up. The 2026 Annual Evangelism Outreach therefore stands not merely as a completed program, but as a foundation for continued Gospel ministry and church establishment in the land of Kwamang and the church at large. We end not as tired souls but as tireless souls ready to take up the world for Christ!!!

It was never false when He said: “The works that I did, greater works shall you do also” [John 14:12]. The God who started a good work in us led us through every moment, strengthening and helping us stay relentless. We say a very big thank you to our pastors, Pastor Gideon Amo Darko and Pastor Kwabena Sarpong Ankomako, for their tireless efforts, teachings, and guidance throughout this period. To everyone, seen and unseen, we say, thank you!

To God be all the glory for His protection, provision, guidance, and the lives reached throughout the outreach. THANK YOU JESUS!!!

Long Live ACONSU-KNUST!

Long Live Kwamang ACCI Assembly!

Long Live ACCI!

Long Live the Church!
