ABSTRACT

The Apostles' Continuation Church International Headquarters in collaboration with ACONSU – KNUST and some other ACCI Local denominations recently completed an outreach event on soul winning project for Christ Jesus at Offinso old town in the Ashanti Region. This mission was embarked on with the theme IMPACTING THE SOCIETY WITH CHRIST IN US. A manual collection of participants information was designed to collect data on all participant who joined the outreach, which total 67 respondents from the ACONSU– KNUST and other ACCI Local denominations of which 60 were present during the outreach. This evangelical outreach elapsed for one week programmed from 25th August,2024 to 1st September,2024. The structured outline for the mission was composed of the following activities, 6 hours 30minutes at most for evangelism per day, 7 hours at least for prayers and fasting per day (mandatory for all missionaries), 2 hours 30minutes of evening service per day, 1 hour each for (both Lunch and Supper) only and 8 hours at least for rest per day (both day and night inclusive). After 65% of the entire community of Offinso Old Town has been preached of the gospel there were 12 souls who gave their lives completely to Christ Jesus out of 111 others who had chosen to fellowship with the ACCI Offinso Old Town Branch including 16 visitors who promised to be coming to church. However, on Sunday the last day of the outreach event a morning service was held at the church premises for 3 hours following our departure to Kumasi at 4pm and reported at 6pm.

CHAPTER ONE

1. Introduction

1.1 Background Study of The Outreach

The Apostles' Continuation Church Student Union (ACONSU-KNUST) in collaboration with the Apostles' Continuation Church International Headquarters (ACCI) organized an annual outreach program which lasted for a duration of one week interval. This event was undertaken by students from Kwame Nkrumah University of Science and Technology after they had vacated from school. The outreach program happened to be an evangelical mission where men were drawn to know Christ Jesus for hope and salvation to their soul. This evangelical mission created more avenue for expressing and testifying the power and love in the name Jesus Christ. The outreach mission served as a way for individuals within ACONSU and ACCI as whole to deepen their own spirituality and strengthen their commitment to their beliefs. By actively sharing their faith with others through the teaching of the Gospel. The evangelism brought about conversions or spiritual transformation of individuals who were not adhered to a particular faith. This was motivated by the desire to save souls, guide people towards a path of righteousness, and help them find hope and salvation accordingly.

1.2 Objective

There are several goals set by any faith community that goes out to spread the gospel but here is the main objective for this outreach mission;

- Impacting societies with Christ in us.
- To spread the gospel to the unreachable and strengthen the faith of fellow believers in Christ.

1.3 Scope of the Outreach

The evangelism event was held at Offinso Old Town in the Ashanti Region. Offinso, is a town in the Offinso Municipality in the Ashanti Region of Ghana.

District - Offinso Municipal. Elevation 348 ft (106 m). The indigenous people are Asante (Asantefoɔ) thus the dominance of Asante Culture in the town.[1] Offinso Street (Old Education) Offinso is the anglicised version of 'ɔfenso'. The town was named after the River

Ofe (ɔfe in Asante) which serves as the boundary for the Offinso South Municipality and Ahenkro, a town in the Afigya Sekyere District also in Ashanti Region.[1] Christianity dominates in this town though there is a significant number of muslims and Traditional Worshipers in this town of which one accepted to be part of the church but finding it difficult to come due to the smaller gods.

CHAPTER TWO

2. Evangelism Event Overview

2.1 Evangelism Goal:

IMPACTING THE SOCIETY WITH CHRIST IN US

To lead the people of Offinso to Christ by sharing the gospel, healing the sick, and performing miracles, demonstrating the power and love of Jesus Christ.

Supporting Scriptures:

1. **Mark 16:15-18** - “He said to them, ‘Go into all the world and preach the gospel to all creation. Whoever believes and is baptized will be saved, but whoever does not believe will be condemned. And these signs will accompany those who believe: In my name they will drive out demons; they will speak in new tongues; they will pick up snakes with their hands; and when they drink deadly poison, it will not hurt them at all; they will place their hands on sick people, and they will get well.’” By this we Emphasize the authority given to believers to share the gospel and perform miracles as a testament to God’s power, leading people to salvation.

2. **Acts 4:29-30** - “Now, Lord, consider their threats and enable your servants to speak your word with great boldness. Stretch out your hand to heal and perform signs and wonders through the name of your holy servant Jesus.” we Encourage boldness in preaching the word

and expect God to confirm the message with signs, healings, and wonders, showcasing His presence and power.

3. **Matthew 10:7-8** - “As you go, proclaim this message: ‘The kingdom of heaven has come near.’ Heal the sick, raise the dead, cleanse those who have leprosy, drive out demons. Freely you have received; freely give.” we therefore empower the evangelism team to freely minister healing and deliverance as they proclaim the gospel, demonstrating that the kingdom of God is present.

4. **John 14:12** - “Very truly I tell you, whoever believes in me will do the works I have been doing, and they will do even greater things than these, because I am going to the father.” We also Inspire faith among believers that they are capable of doing great works, including healing and miracles, through the power of Christ in them.

Action Steps:

Soul Winning Campaign: Intensify outreach efforts in Offinso, sharing the gospel message with a focus on leading individuals to a personal relationship with Christ.

Follow-Up and Discipleship: Establish a follow-up system to disciple new converts, helping them grow in their faith and experience the continued power of God in their lives.

2.2 Planning and Preparation

With regards to the planning and preparation of the evangelical mission there were some logistics, plans, preparations and strategies that were been laid down towards achieving the set goal of the mission.

The basic arrangements we made by the ACCI in partnership with the ACONSU-KNUST comprised of the data collection of participants, financial budget, transportation, accommodation and rentals. The ACONSU-KNUST manually collected data from volunteers

who were willing to sacrifice their time and strength to make the event successful. The ACCI also provided a transportation and accommodation system to the ACONSUS-KNUST to enhance the success of the mission as planned. The financial budget into this outreach was GHS 19,000.00. But at the end of the event 1st September, 2024 the total amount of money spent was GHS 15,150.00 aside the other expenses done by the supportive elders. The breakdown of this financial budget can be found in the appendices section of this report.

2.3 Participants

At the end of data collection there was a total number of 67 respondents but 60 volunteered to partake in the outreach program, whereas the remaining 7 respondents couldn't part take due to challenges such as; time of the evangelism event colliding with their internship, students still being in school as at the time for the evangelism event, parents disagreeing with students to partake in the evangelism event, students' presentation of poster and defense for final year thesis colliding with the evangelism event.

It was observed that the highest volunteers who took part in the offinso evangelism event were level 400 undergraduate students, with minimum undergraduate students been in level 300,200 and 100. All these contributions led to the success of the evangelism as volunteers work whole heartedly throughout the one-week evangelism event. For those who couldn't participate

It was observed that most of the volunteers (students) were going to be have their internship program immediately after their vacation which collides with the outreach event and this prevented most of the students who couldn't join the evangelism event.

CHAPTER THREE

3.Active and Outreach

3.1 Report on Daily Schedule

The evangelism event was schedule in a way such that all protocols were smoothly observed despite some few challenges encountered along the week.

The outreach mission was embarked on Sunday, 25th August 2023.This was the first day of the evangelism event, where we set off from Kumasi to Offinso. Unfortunately, there was a delay in time of our departure as result we arrived late in the night at 7:45pm. This was because most our members delayed. On arrival, Elder Lisborn and Elder Acheampong had made available rented 40 mattresses together with a well-arranged accommodation for us. We took our supper at about 9:17pm that night, had a general meeting, prayed and afterwards went to bed at approximately 12am.

On the second day Monday, 26th August 2024. The day started off at 6am, we woke up and took our bath. This preparation lasted for an hour. We converge at the church premises where we had meeting with the Local Pastor (Pastor Stephen) and Elder Acheampong where we were told the history (rising and failing) behind the ACCI Offinso old town branch and prayers took place for about 47 minutes before we were sent to the palace for introduction because the King was no more. We fall back at 12 :23pm to break our fast and to take a nap. The nap ended at 3 o'clock where we all converged and prayed before we dispatched once more to evangelize. We return from our evening evangelism at 6:45 pm approximately 7 pm where we all matched to the church premises for the evening service. Thereafter, church service began at 7 pm. During the service we had an open prayer led by Bro Albert. We also had several song ministrations from ACONSU tunerz etc. Afterwards Bro. Dennis Okran (Aconsu Former President) led us through the word of God and some intense prayers, The service came to end at 9:30 pm.

On the third day Tuesday ,27th August 2024.We woke up at 5am and we had a morning prayer session led by Bro Kingsley and Bro. Kenneth. We left for morning evangelism at 7:30 am. We dispersed in groups and went for morning evangelism. We converged at the meeting point 12:30 pm waiting for the bus to consign to the house where we resided to break our fast with some lunch. We rested and went for evening evangelism at 4pm. From thereafter we began evening service at 7 pm. During the service opening prayers was led by Bro Robert and the

word of God was given by Bro Gideon Amo. There was hot warfare prayer session during the service which led by Bro Gideon Amo Darko.

On the fourth day Wednesday, 28th August 2024. We woke up at 4am and went for dawn broadcasting at 5am. We returned at 6am and left to the church premises at 7:40 am where we had fellowshiped till 2pm since some prestigious guests from the ACCI Headquarters paid us a visit. These eminent personalities were Apostle Clement Brakatu (ACCI Chairman) and other Pastors who accompanied him to the Offinso Old Town branch that faithful day, we had prayer session with Chairman where 20 in number stood forward desiring to speak in the language of the Spirit and 12 of them received gift of tongues speaking and later 4 people received instant healing. The Chairman therefore introduced the book that contains the church history of which Papa Kaakyire bought 20 books for the Team and right after the service we closed for the morning service, we went for our lunch and supper which was at 4pm, We dispersed to evangelize and returned at 6:55pm for the evening church service which began 7pm to 9:32pm, after that we returned to where we reside. We prayed for about 45minutes rested for the rest of the day.

On the fifth day Thursday, 29th August 2024. We woke up around 4am and left around 5am for dawn broadcast and returned around 6:30am, we had a bible studies at 8am and ended at 9am, after the bible studies we went for the morning evangelism from 9am to 12pm, came back for our lunch, rested for an hour and 30minutes and took our supper at 4pm, after the supper we left for evening evangelism and move to the church premises with our souls we won around 6:55pm for the evening service. As usual our evening service began at 7 pm. The opening prayers led by Bro Agyenim whilst sermon and prayer were led by Pastor Stephen. The evening service came to an end at 9:30 pm.

On the Sixth day Friday, 30th August 2024. we woke up around 4am and left for dawn broadcasting returned at 6am and rested, and by 8am we gathered for assessment and bible studies where team members came up with their challenges and testimonies and that moment by estimated about 80 to 90 members on Sunday. We therefore left for morning evangelism from 9am to 1:14pm prayed for 30minutes took our lunch and rested. We then took our supper at 4pm and left for evening evangelism, we then met at the church premise with souls we've

won from the first day till this very day. The evening service started from 7pm to 10pm which was led by Bro. Sarpong and the spirit of God was mighty at work. This however helped us prolong with the service. Service ended at about 10pm and we returned to our place of residence to sleep.

On the seventh day Saturday, 31st August 2024, we woke up around 4am left for prayer walk through the town committing the people in the town in the hands of God and returned to the church premises around 7:04am prayed till 8:10am this was led by Bro. Gideon Amo and Bro. Sarpong the bus then conveyed us to where we reside, quite fortunate a doctor came around and team members were vaccinated due to this there wasn't any morning evangelism. Team members rested and took their supper at 3:36pm, we then visited our evangelized souls to prepare them for the morning service on the next day.

On the last day Sunday, 1st September 2024. We woke up very early and prayed before going to call the members for service. Service commenced at 8:00am. Pastor Stephen (the current Head Pastor for the Offinso Old Town Branch) gave us the sermon and prayer session continued right afterwards. During prayers, several prophecies were spoken to people as well as sicknesses and infirmities taken away: demons were been cast out. An altar call was raised where 12 people completely gave their life to Christ Jesus and 40 accepted to fellowship with us the others were visitors about 16. Some refreshments were distributed among the people who came to fellowship after the service. The service came to an end at exactly 12:30 pm. After the service we took our lunch and prepared for our departure back to Kumasi at 4pm-6pm interval.

3.2 Outreach Method

The outreach method used was both door-to-door, information centers and street evangelism.

The door-to-door evangelism typically involves we visiting homes in the designated areas of Offinso. We carry some Kingdom literature, such as the holy bible, pamphlets, tracts or books and engage residents in conversations about their faith. We also prayed for individuals who were struggling with some infirmities and answer all kind of questions accordingly. The primary purpose of the door-to-door evangelism was to spread the Kingdom teachings of Christ Jesus, and administering messages to individuals who did not have any particular Christian community. The goal was to impact the society with Christ in us.

The street evangelism was a public form of preaching the gospel that aimed to engage with people who may not be part of any particular Christian denomination. It took place in open areas such as the market center and on information center where the gospel was accessible to all who passes by. The goal of the street evangelism was to share the faithful message that Christ Jesus is the solely hope for humanity, introduce people to the true faith and encourage individuals to consider living a righteous life. Also went to the information center to spread the gospel.

CHAPTER FOUR

4.Outcome and Impact

4.1 Religious Conversion

Religious Conversion is defined as people converting from a religion to different religion for various reasons, including active conversion by free choice due to change in beliefs. (Falkenberg .et al, 2009). At the end of the evangelism event, there were 8 people who were convicted after the entire evangelism event. Some of these people were from different religions who did not know Christ Jesus. Here are some people who were convicted

- Weed smokers who accepted to be coming church – about 8.
- A women and men who decided not to go to church due to some church members, elders and the Presiding elders action gave their life once again to Christ Jesus but they are now yet to come to church.

4.2 Testimonies and Stories

This aspect of the evangelism event was so interesting as people were been healed of deadly infirmities in the name of Jesus Christ. Missionaries were very excited about the miracles, signs and wonders that followed the evangelism event. Below are some testimony and stories we encountered:

Child Healed: A child experienced instant relief from pain due to ulcer after we prayed for him. The child's grandmother was also healed instantly from back pain we prayed for her.

Eye Problem Cured: On August 26, 2024, a boy with an eye problem was instantly cured after we prayed for him.

Heart Condition Healed: A woman who had been suffering from a heart problem for four years was healed after receiving prayers from a brother.

High Blood Pressure and Kidney Failure Healed: A woman with high blood pressure and kidney failure was cured and no longer needs medication after being prayed for by one of the brothers.

Stomach Pain Relieved: A young girl suffering from stomach pain was healed after General Chairman prayed for her.

Abdominal Pain Healed: A boy suffering from abdominal pain was healed immediately after General Chairman prayed for him.

Prophecy Confirmed: A man testified that everything General Chairman said about his life was accurate.

Joint Pain Healed: A woman with joint pain was healed instantly after receiving prayers.

Paralysis Healed: A woman experiencing paralysis was healed after receiving prayers.

Stomach Pain Healed: A woman with stomach pain was healed after prayers.

Serious Illness Cured: A girl who was seriously ill was cured after receiving prayers.

Pain Relieved: A woman with pain was healed after receiving prayers.

Baptism of the Spirit with evidence of speaking in tongues: 12 people received this gift through the laying on of hands by The Chairman of ACCI.

A Fetish Priest Under the Control of The Word of God – The hard to deal with; Nana Ama (fetish priest) who hardly listens to preachers because of how phobia, misconception and hatred she had for the word of God because she claims she even work with some Pastors, humbled to listen to the word of God given by the Evangelism team and followed them to church even though she was supposed to go to the shrine the next day.

4.3 Community Engagement

As missionaries, community engagement was crucial aspect to our work, as it involves building relationships, understanding the needs of the community, and effectively sharing the word of God. Here's how we can explain the community engagement of Offinso Old Town

We shared our faith and values through the word of God with the community in a respectful and non-coercive manner. We also shared our experiences, beliefs, and the teachings of our faith when appropriate and when there is genuine interest.

We built meaningful relationships with the people in the community. We got to know them personally, showed them genuine care and respect, and earning their trust and respect in return.

We were prayerful and spiritually guided to play a significant role in the community engagement to the point that fetish priests were all subjected to listen to the word of God and even one joined us for church Service. We sought divine guidance in our effort and prayed earnestly for the well-being and spiritual growth of the community.

CHAPTER FIVE

5. Observations and Lessons Learned

5.1 Success and highlight of the event

We encountered many setbacks but our goal for this event was successfully achieved. We were able to complete our mission with 111 people in the community who visited our evening service at least twice throughout our evening services and 56 people came for our Sunday morning of which 40 were willing to fellowship with the Offinso Old Town branch of which all their details are with the Head Pastor. Out of this 56 people in the Sunday morning service, 12 of them sincerely came out for an altar call.

5.2 Challenges Faced and Improvement

There were certain problems faced as we were toiling hard on this mission. But these problems couldn't prevent us from progressing to attain our objective. Here were some of the problems faced and how we improved upon them.

We were strangers in the environment so at the beginning the inhabitants were not opening up to us. But as time went on, the people in the community became excited about our compassion and actions for the word of God, then they started opening up. In so doing our number kept on multiplying day-by-day during our evening service whenever we invite them for service.

We were faced with absence of adequate personnel at the Offinso old town ACCI Branch. This problem was actually hurting but was smoothly handled in our presence. We helped the Pastor to undertake any activity regarding church service, which added another burden to our focus on the evangelism event. Some of these personnel include; elders, singers, instrumentalists, ushers and many more.

5.3 Future recommendation

There are some recommendations that we would suggest to help the growth of the church in the near future based on the problem we encountered during the outreach. We believe if these recommendations are taken into consideration, it will promote the church growth and next evangelism outreach event.

We suggest that there should be active church personnel such as church elders to support Head Pastor in particular to enhance smooth church administration and future outreaches.

OUTREACH ACCOUNT PROJECT

This year, our outreach efforts were negatively impacted due to the delay in releasing the proposed budget. To avoid such delays, we propose the establishment of a dedicated **Outreach Project Account**. This fund would be specifically allocated to support our annual evangelism and outreach activities, ensuring that they are not compromised due to budgetary limitations. By securing a stable financial foundation, we can ensure that our projects continue to thrive and expand, allowing us to engage all intended participants without the fear of financial shortfalls. Establishing such fund can help to engage other Tertiary ACONSUs like UCC, AAMUSTED, WINNEBA, LEGON and the likes to also get the chance to embark such missions for a speedy growth of our great church.

Thank you for considering this proposal

CHAPTER SIX

6. Conclusion

6.1 Summary of Key Achievement

In the nutshell, the utmost goal of impacting the society with Christ in us achieved successfully through the sharing of the word of God. Also, we were able to attain the goal by the collaborative support of all individuals who contributed their time, strength, love and finance. The backbone to this successful outreach event was our dependence on God, since a lot of the signs, wonders and testimonies were beyond the imaginations and expectations.

6.2 Impact on The Community

At the end of the outreach event there was impact on the life of inhabitants within the community as people who were battling with different kinds of infirmities got healed and conversion of others from different religions to follow Christ Jesus. Also, in our presence there was peace as we were warmly welcomed in various homes and families where we preached and shared the word of God.
